Join us in drawing every day in May. Start on May 1st and draw one item on the list every day in May until you finish on May 31st with number 31. Don't stress if you miss a day - just go on to the next one and catch up if you can. It is OK to combine a few, or to jump around if it suits... but the ideal is to do the right one on the day like everyone else...and most importantly to have fun!!
